PANGA[™]
SUBMERSIBLE DUFFEL

**THE AIRTIGHT
SUBMERSIBLE
GEAR FORTRESS YOU CAN
HAUL ANYWHERE**

AVAILABLE IN THREE SIZES: **50, 75, & 100**

THERE'S NO LIMIT TO WHERE ADVENTURE CAN TAKE YOU. JUST PACK ACCORDINGLY.

The Panga™ Submersible Duffel is our first non-insulated piece of gear that lives up to the standard of being built for the wild. This is the duffel bag designed for extended backcountry stays, fly fishing that takes you to the most remote rivers, and hunts

that almost seem too wild to believe. The airtight closure makes this bag absolutely waterproof and keeps moisture (and whatever else you might come across) out. The exterior fabric is tough-as-nails. The straps and accompanying lash points make it easy to haul. The hardware laughs in the face of hard knocks. So you have our permission to drag it on the dock, haul it on the boat, or chuck it overboard — we did and the Panga lived to tell the tale.
