Tibor Signature Series

- Main Shaft Cap Screw

By inserting a penny here, you can easily disassemble the drag system.

Detented Drag Knob

Offers positive gripping & adjustment control.

Clutch Dog Springs

In & Out Going Clicker System

Ventilated Frame

Designed to feature custom engraving.

Easy conversion from Right to Left Hand Retrieve

Simply depress the three Clutch Pins & rotate to 180°.

Reel Stand

Our balanced reel stand includes hook keepers for hiding the points of larger flies.

Personalized Nameplate

Each Tibor Signature reel features a personalized nameplate engraved free. The serial # is located under the nameplate.

Micro Grain Cork Drag System

Proven to be the strongest & smoothest drag available.

Signature Delrin Seal

Keeps the Drag System completely waterproof.

One Piece Large Diameter Spool

Our ventilated Spool & Frame allow the reel to remain cool during long, scorching runs. Both the Spool & the Main Gear rotate flawlessly on three sealed precision Ceramic Ball Bearings.

QuickChange™ Hub

QuickChange™ End Cap

Easily allows you to quickly change Spools.
