Thanks for signing up for the Mad River Outfitters Peacock Bass Trip to the Brazilian Amazon. We honored that you chose us to help with your fishing travel plans. Your host Ryan Ratliff is looking forward to sharing this amazing experience with you all.

Following is some important information on the trip including flight information and an equipment listing. If you have any further questions please don't hesitate to contact us. Call Brian Flechsig, Pat Kelly, or your trip host Ryan Ratliff at the shop! 614-451-0363

Also, if you haven't already, a *50% deposit is required* to hold your spot and the full balance is due no later than October 16th 2020.

Itinerary-

You should plan on arriving in Manaus, Brazil on Thursday, January 14th (actually early morning on the 15th). The flight is through Miami and usually doesn't arrive until after midnight so it is best to have a day between just in case. In Manaus, a representative from River Plate Outfitters will meet us. They will transport us to the Hotel Suite where we will stay/sleep Thursday night and Friday until an early morning charter into the Jungle on Saturday. We arrive at the camp via floatplane/boat on Saturday, January 18th, get situated, and begin fishing! We will fish every day through Friday, January 24th. On Saturday the 25th, you will fly back to Manaus and connect to your flight to Miami.

Please note that the overnight stay at the Hotel on Friday night is part of the package and includes breakfast on Saturday. Additional food and beverages in Manaus are not included nor is the hotel on Thursday night. The arrangements will be made in advance but you will have to pay for the Thursday night stay upon arrival.

Also included in the trip, are all necessary ground transfers in Brazil, flights in and out on the Cessna Caravan turbo prop plane, guided fishing from shallow drafting bass boats (two anglers per boat), and fishing licenses. Quality bait/spin casting rods are available for rent(must make arrangements ahead of time). All meals at the fishing destination, including wine, beer and hard liquor are included, as is daily laundry service. *Not included* in the trip is international air fare, voluntary tips to camp staff, guides and hotel personnel in Manaus, luggage overweight charges (see flight info below), food and beverage in Manaus, airport departure tax, satellite phone calls (approximately \$5.00/minute).

Flight Information-

The best advice is to get to Miami and then to Manaus on Thursday, January 14th. American airlines has the best flights and best rates and that is who we have been using for several years now. You fly out to the jungle the morning of the 18th. After six days of fishing, we fly back to Manaus on Saturday, January 23rd. The American flight back to Miami is usually very late if not after Midnight. River Plate usually provides us with a “day room” so that we don’t sit at the airport for 14 hours.

It is recommended that you book this flight well in advance as the best connections and best pricing options are limited.

*** For the float plane- please note that there is a 45 lbs per person limit divided as follows: One 12 lb piece as carry-on plus 33 lb as check-in luggage. Pack in soft duffel bags. The actual split is flexible, but large single bags won’t work. Gear needs to be packed into pontoons and other small spaces on the Cessna. Keep in mind that there is daily laundry service and this should be viewed as a “Tropical Trip”.... you don’t need much.**

****Once you have your travel plans made, please forward them to Mad River Outfitters so that we can keep track of when everyone is arriving/departing!!!**

Brazilian Visa Information-

As of June 2019, a Visa is no longer required for U.S. Citizens to enter Brazil. A U.S. Passport is all you will need.

Recommended Tackle List-General

Rods- Bring *at least* 2 rods.... the Bass in the Amazon are famous for breaking rods and fly shops are hard to find in the jungle.

Suggested is a 8 wt. for smaller fish and flies, 9-10wt for larger fish (peacocks) and deep-water fishing. 4-piece rods are more convenient for traveling.

For spinning or casting rods we highly recommend the Temple Fork Outfitters 3 piece rods and you want to go with the Medium/Heavy or X/Heavy models. These are of course available through Mad River Outfitters.

Reels- Should be anodized, corrosion-resistant saltwater models, with a high quality drag, that will hold a fly line and 100yds of 30# backing.

Large and strong Spinning reels and Bait Casting reels are required for this style of fishing

Fly Lines- Weight-forward tropical, floating, intermediate and a sinking-head lines are necessary. The floating lines should also have an aggressive taper line like the SA Titan Taper or a Rio Outbound. A sinking-tip line like the Orvis Depth Charge 350 or SA Textured Sink Warm 300-400 is perfect and one or the other is basically mandatory!

Leader/Tippet- Stout tapered leaders of 7-9 feet are recommended for lighter rods. Short simple leaders in the 40-50lb range are best for big poppers and sinking lines on the heavy rods. Bring spools of 50, 40, 30 and Maxima Clear! The Rio Heavy Shock Tippet also works well and we have been using it a lot. We will be happy to help with leader construction, but having all of the above will cover you for all situations, floating and sinking lines. If you prefer or would like to have some packaged leaders, the RIO 16# Bass Leaders will be fine for the small stuff! Wire shock tippet is not a bad idea to have along for certain species. Fluorocarbon is not necessary as Peacocks are not leader shy but may be used for increased abrasion resistance.

Flies- Check out the recommended patterns in our Peacock Bass fly category at:

www.madriveroutfitters.com We are also offering a special deal on the flies for this trip and it is posted below.

This is a good basic selection for the trip, but you should bring additional streamers. Contact the shop to see what you should bring from your current flies. Your trip host will gladly work to see that you don't come up short on the water.

Plugs and Lures-

If you plan on using the spin/bait casting equipment provided by the lodge, you will need to bring lures and terminal tackle. **Let us know if you need the rental outfits. We need to reserve those for you in advance.**

Here are their recommendations on the lures that you should bring-

Topwater Plugs: Big Game Woodchoppers, Pavon Props, Amazon Rippers, Zara Spooks and big chuggers

Other plugs: Yo-Zuri Crystal Minnows, Rapala Glidin' Raps, Redfins, Live Target Jointed Swim Baits

Also have some large spoons and lots of Bucktail Jigs fro 1/4- 3/4 ounce (Jungle Jigs)

*We can also help with recommendations for casting rods and reels and can order certain items above for you. Just ask Pat

**We are of course available to consult with you personally on your gear and tackle selections. Don't hesitate to let us know if you need help!
